Re: North State Telephone Company Certification of Copper Retirement
WC Docket No. 17-339, Report No. NCD-2775

JSI respectfully files the enclosed Copper Retirement Certification on behalf of North State Telephone Company (North State) in compliance with Section 51.332(d) of the Commission's rules (47 C.F.R. § 51.332(d)). This certification pertains to North State's November 1, 2017 Notice of Copper Retirement for High Point and Jamestown, North Carolina locations.

Sincerely,

Valerie Wimer
Vice President

**NORTH STATE TELEPHONE COMPANY
CERTIFICATION OF PUBLIC NOTICE OF COPPER RETIREMENT
NETWORK CHANGE UNDER RULE 51.332(d)**

1. North State Telephone Company (North State) proposed network changes will retire deteriorating copper facilities at locations within the Friends Avenue and Oneil Street areas in High Point, North Carolina, and within the Edwards Lane areas of Jamestown, North Carolina. Customers at these locations will be migrated to fiber facilities.
2. On November 1, 2017, notice was filed with the Commission in compliance with Code of Federal Regulations Title 47 §51.332(b)(1).
3. On November 1, 2017, North State timely served a copy of its notice filed pursuant to §51.332(b)(2) upon each entity within the affected service areas that directly interconnects with North State's network.
4. The name and address of each entity referred to in item 3., above, is provided at Attachment A.
5. On November 1, 2017, North State timely notified and submitted a copy of its public notice to the North Carolina Utilities Commission, to the Honorable Roy Cooper, Governor of North Carolina, and to the Secretary of Defense in compliance with § 51.332(b)(4). No Tribal Nation is impacted by this copper retirement.
6. On November 1, 2017, North State timely served the notice to all non-consenting, non-residential retail customers to whom notice is required by § 51.332(b)(3). On February 7, 2018, North State timely served the notice to all non-consenting residential retail customers to whom notice is required by §51.332(b)(3).
7. A copy of the customer notices required by §51.332(b)(3) are provided at Attachment B.
8. The notification requirements of §68.110(b) do not apply.
9. North State has complied with the good faith communication requirements of §51.332(g) and will continue to do so until implementation of the planned copper retirement is complete.

10. The Commission has assigned WC Docket No. 17-339 and Report No. NCD-2775 to North State's notice provided to the Commission pursuant to §51.332(b)(1).

I certify under penalty of perjury that, to the best of my knowledge, information, and belief, the foregoing is true and correct. Executed on Feb. 27, 2018.

November 1, 2017

Dear Valued Customer:

This is an important notice required by the Federal Communications Commission ("FCC") concerning your local telecommunications services.

On or after May 14, 2018, North State Telephone Company ("North State") will implement changes to the local network that delivers your telecommunications services. Specifically, services provided now over copper facilities will be transitioned to fiber-to-the-home facilities in North State's High Point and Jamestown, North Carolina service area.

Once transitioned to fiber facilities, copper facilities will no longer be available and will not be maintained. However, all of the services you currently receive will continue over the new fiber facilities. You will still be able to purchase the existing services to which you subscribe with the same functionalities and features as the service you currently purchase from North State, and at the same rates. The new fiber facilities will allow North State to offer high speed data and other new features in addition to the services offered today.

North State will work to ensure a seamless transition for customers. If you have any questions, please contact us by calling toll-free at 866-542-6077. In addition, you may find information about the transition to our fiber network facilities on our Web site at www.northstate.net/Content/pdf/Regulatory/CopperTransition.pdf. If you have complaints or concerns that we are unable to address, you may contact the FCC toll-free at 1-888-225-5322, or you may file a complaint at the FCC consumer complaint portal at <https://consumercomplaints.fcc.gov/hc/en-us>. You may also contact the North Carolina Utilities Commission Consumer Services Division toll-free at 1-866-380-9816.

Providing excellent and uninterrupted service to our valued customers is our top priority. For additional information regarding the planned network changes, you may contact Mary Smith at 336-886-3600.

Thank you for your business.
